

## Hardcoat Coating

### *2-Part Coatings in 55 Gallon Drums*

**#1235** 100% polyurethane sprays semi-smooth. Not as durable as polyurea, but a cheaper alternative. Can be used interior/exterior, but brittle in cold environments and soft in hot climates.

**#1235FR** Same properties as #1235 but Class 2/B fire-rated.

**#0445** Polyurea hybrid sprays semi-smooth. Very Durable. For interior/exterior Applications.

**#07003** 100% pure polyurea sprays super smooth. Very durable. For interior/exterior applications. Can be brittle to hard impacts. Excellent for molds.

**#86053** 100% polyurethane. Class 1/a fire rated. Designed for EPS for interior use. Same characteristics as #1235.
