EZ COAT PRO

Template

(Ask about our design template selections)

Coated Shape (Example)

EZ COAT PRO - Automatic Foam Coater

EZ Coat Pro is our linear foam coating machine—it will cover EPS foam shapes with a cement based “mud” for a perfect stucco finish. Once covered these shapes can be used in commercial or residential construction.

3 New Machine Sizes

EZ COAT PRO	
EC1414	Max shape size 14" x 14"
EC2215	Max shape size 22" x 15"
EC4015	Max shape size 40" x 15"

BADGER
FOAM RECYCLERS

GREENMAX™

Next in the series is the MC-100 Badger GREENMAX™ – equipped with a dual shaft crushing cutter, designed to manage ridged materials –EPS and EPP boards. This MC-100 is a work horse and can help reduce labor hours for small to mid-sized operations. Like the MC-50 it can also process foam materials like EPE, EPP, XPS, PSP, food tableware, and fish boxes.

GreenMax™ M Series MC 100
Production Capacity: 220 lbs per hour

MC 100	
Motor Power	30.6 hp
Production Capacity	220 lbs per hour
Compressed Foam Density	1320-1750 lbs/cubic yard
Feed Hopper Dimension	32"x 22" (l/w)
Dimensions	80" x 59" x 80" (l/w/h)
Shipping Dimensions	84" x 63" x 90" (l/w/h)
Weight	3300 lbs
